

Easterseals Camp ASCCA

Building Descriptions

BcK4T

Opened in 2019, Camp ASCCA renovated and repurposed its 3,000 sq ft horse barn. We constructed an area that our campers have the opportunity to watch live music, play arcade, carnival games, and more. We also added an attached 500 sq ft area that has accessible restrooms and a small kitchen area. In 2022 we added a 1,120 sq. ft. enclosed and attached area. This area includes a sensory room, refreshment stand, and a game simulator.
